FOREWORD

From points of vantage we have had glimpses of our campus as the events of 1933-34 have gone whirling by. The picture is kaleidoscopic, fragments of life with varied colors and tones of achievements, of its joys and sorrows. That future years may know us as we are, and our variegated activities be interpreted, realistically to ourselves, we offer as the motif of the year book of 1933-1934, "The Merry-Go-Round."

ASSOCIATED STUDENTS OF COLORADO COLLEGE

The Associated Students of Colorado College have accomplished a great deal in the year 1933-34. Cheating has been discussed, a loan has been made to Tiger Club for new pep costumes, and it has been decided to have the managership of Pan Pan go to Growler's Club and Tiger Club in order to help these pep organizations.

There is a graduate manager who handles athletic funds and student funds. Managers of student activities are directly responsible to the graduate manager for any transactions made which concern the college.

ASSOCIATED WOMEN STUDENTS

The Associated Women Students of Colorado College is an organization composed of all the women on the campus, and each new woman student enrolled automatically becomes a member. The purpose of the organization is to make a more united group of the women students and provide an equal opportunity for all the women to take part in campus affairs.

The Legislative Board, with the Dean of Women as ex officio member, is composed of four officers and the representatives of all the women's organizations on the campus.

A. W. S. supervises the work of the sponsor committee and promotes many delightful social functions, such as teas, dances, afternoon parties, assemblies, and several all-college functions.

A delegate was sent to the Inter-collegiate Associated Women Students Convention at Cornell University, April 19-20, 1933, who received many helpful suggestions.

QUADRANGLE ASSOCIATION

The Quadrangle Association, which was the Student Government Association, is an organization whose membership consists of all the women residents of the hall. Its purpose is to regulate their life in the hall, to initiate and direct social activities, and to keep up the general tone and morale of dormitory life. The governing body is elected by the students and consists of a president and an executive board representing the different classes. The Association's functions take the lead in the traditional parties which are held each year and maintain a friendly feeling in the hall.

NUGGET

The Pikes Peak Nugget, yearbook of Colorado College, is an official publication of the Associated Students of Colorado College. The Editor and Manager are elected by the Publications Board in the spring of each year. Any staff member who has completed two years of competent work on the book is eligible for the position of editor or manager upon recommendation to the board by the retiring editor and manager. Golden keys are awarded each year to members of the staff who have completed three years' work on the book and whose recommendation for the award is accepted by A. S. C. C.

In view of the changes and improvements which mark this year at Colorado College we have hoped to make this Nugget a resume and record of the foundations upon which the Greater Colorado College is being built. In submitting this book to the students, we hope that it will become more and more valuable as you grow farther away from old friends and college days.

We wish to take this opportunity to thank the members of the Nugget staff. Their splendid cooperation and willingness to work has made this yearbook possible. Special mention for superior work is due Eleanor Lynch, Edith Gaylord, Sally McIntyre, Helen Gilmore, Luzilla Eubank, Harry Fontius, Harriette Kearney, Mary Gilmore, Jane Roberts, and Harold Marlowe. We are greatly indebted to Bob Slate, artist, and Charles Gatterer of the Out West Printing and Stationery Company.

THE TIGER

For the first time since the Tiger, weekly publication of Colorado College, was changed to a news magazine, an attempt was made to teach the staff the general principles of journalism. Weekly classes were held and the publication of the paper was left, to a large extent, to the staff rather than the editor.

The large staff was an evidence of new interest taken in the magazine. The organization attempted as far as possible to limit personal comment and to present a broadened viewpoint.

Each spring the editor and manager are elected by a publications board headed by Mr. Jack Lawson, journalism instructor. The others of the board members include the editors and managers of the Nugget and Tiger, the President of the student body and two members chosen from the Associated Student Council.

THE HANDBOOK

The Student Handbook, more commonly known as the "Frosh Bible," and the A. W. S. Handbook were combined this year into one publication edited by Jane Roberts. The purpose of the book is to inform all students, especially those entering for the first time, of the ideals, customs, regulations, and institutions of Colorado College. It contains messages of welcome from the administration of the college, the president of the student body, and the president of the Associated Women Students. The book is published annually by the Associated Students of Colorado College.

CAMPUS

KOSHARE

Koshare of Colorado College is the dramatic organization of the campus. All productions come under its sponsorship and membership is gained on the basis of credits earned from activity in dramatic work. Student interest has increased greatly, and the interest of townspeople, as indicated by their attendance at the performances, has also shown marked improvement.

The year's productions have embraced a wide variety of technique, both in characterization and in stage work. Especially was there a highly commendable improvement in stage settings, and in stage craft in general, due to improved equipment in Cogswell Theatre, and knowledge of the technical crews.

KOSHARE PLAYS

The following plays were given during the year 1933-34:

"A DAMSEL IN DISTRESS," P. G. Wodehouse and Ian Hay, October 25th and 26th.

"CHILDREN OF THE MOON," Martin Flavin, Dec. 5th and 6th.

"EAGER HEART," E. Buckton, Dec. 10th.

"THE TAVERN," George M. Cohan, March 21st and 22nd.

THE NEWMAN CLUB

The Newman Club is a national organization of Catholic students in non-Catholic institutions. The first club of this type was founded at the University of Pennsylvania in 1893, the local organization being established in 1930. Meetings are held twice a month and breakfasts preceded by communion are held once a month. This group also holds several social functions during the year.

WOMEN'S ATHLETIC ASSOCIATION

The Women's Athletic Association of Colorado College is a member of the National Athletic Conference of American College Women. Membership is open to any girl in college who proves herself worthy and interested by participating in some sport.

This organization has sponsored a breakfast picnic for Freshman women at Austin Bluffs in October, a Play Day for all the High Schools of the Southern District, the annual swimming meet at the Broadmoor Hotel pool, and a W. A. A. house party in March, when initiation of new members was held. In May, W. A. A. will sponsor a May Fete, and in the same month several girls will be chosen to attend the Annual Play Day at the University of Wyoming.

DEBATING

From the large number of students who tried out for the debate teams in the fall of 1933, a squad of very talented speakers was picked for the 1933-34 season. The entire debate squad went to Denver for the annual Speech Conference at the University of Denver in early February. Late this same month the squad went to Fort Collins for the Colorado Debate Conference. Several teams from other parts of the country were entertained at Colorado College during the year. Most of the debates were non-decision contests and some of them were of the split-team variety.

No long trips were made this year, but the debaters took a number of short excursions for inter-collegiate debates and for judging high school debates and declamation contests.

Plans are being made for a long trip during the year 1934-35. Colorado College will again play host to the Colorado Debate Conference, when more than a hundred college debaters and coaches will visit C. C. for three days in February 1935.

EUTERPE MUSICAL SOCIETY

Founded in 1910 by Dean E. D. Hale of the School of Music, and a member of the National Federation of Music Clubs, Euterpe Musical Society has enjoyed another active year of interesting programs. The society's purposes are the advancement of music at Colorado College and a closer fellowship among the students interested in music. One of the most delightful social events of this year was a trip to the Paige ranch for a buffet supper and program afterward. The supper parties after concerts were also continued this year.

CHAPEL CHOIR

One of the most attractive features about Shove Chapel is the excellent choir. Under the direction of Frederick Boothroyd it has enjoyed singular success.

Rehearsals are held twice a week and include voice training, short lectures on music fundamentals, and lessons in harmony and ear training. One-half credit is given for two years regular attendance.

DAIS

All senior women residing in the dormitories are members of the Dais. Before Christmas vacation the organization entertains all senior women of the college at a dinner at which time plans are made for a serenade. In the spring the group is hostess to their major professors at a series of dinners. Just before school closes, a farewell breakfast is given in honor of those girls who will be members of the Dais during the coming year.

THE POLYTECHNIC CLUB

The Polytechnic Club was founded at Colorado College in 1931 to develop interest in and study of current engineering problems, the membership being limited to Engineering and Science students. Shortly after its organization the club was admitted to the Colorado Society of Engineers as a Student Chapter. This affiliation has given the members the benefit of a membership in a Professional Society and has enabled them to make contacts with the men who do the work in the engineering fields. After graduation the members of the club automatically become junior members of the state society without the required examination of that society. The Polytechnic Club is the only Student Chapter the Colorado Society has granted, which speaks well for the engineering training which Colorado College offers.

COLONIAL BALL

In an especially attractive setting of cherry blossoms, the Colonial Ball, an annual affair since 1897, was held this year. The Ball is sponsored by the girls of the Sophomore Class under the auspices of A. W. S. and is one of the loveliest of Colorado College traditional events.

During the evening the Minuet was featured by sixteen selected Sophomore girls. Those taking part were Mary Alice Benson, Anna Margaret Daniels, Dorothy Echternach, Elizabeth Evans, Edith Forbush, Edith Gaylord, Elizabeth Harrington, Lois May Lear, Mary Elizabeth Lovitt, Marybel Poer, Katherine Ragle, Edith Southard, Mary Jo Sparkman, Ernestine Stroup, Lois Anne Weber, and La Rue Wiley. Keeping up the spirit of Washington's birthday, the Virginia Reel was danced by all the guests.

Virginia Berger was in charge of all arrangements, in her capacity of Vice-President of the Sophomore Class.

MAGNA PAN PAN

Colorado College students look forward each year to Magna Pan Pan, the annual college vaudeville. Managers Richard Hall, Frank Johnson, and David Waters deserve much credit for their successful efforts to produce one of the most outstanding shows in the history of this traditional event. Arthur G. Sharp, Jr., devoted a great deal of time to the rehearsal of each of the acts, resulting in a smoother and finer production.

In addition to the skits produced by the fraternities, sororities, and A. W. S., specialty numbers were presented, and music was furnished by Metzler's Broadmoor Orchestra. Beta Theta Pi, presenting a vivid modernized portrayal of the old farm and villain story, won first prize in the fraternity competition. In the sorority class, Kappa Alpha Theta placed first with an up-to-date version of Cinderella.

Magna Pan Pan of 1933-34 has set a new high standard for following shows to live up to.

A. W. S. COSTUME BALL

The A. W. S. Costume Ball held in Bemis Commons this fall is an annual party for girls only and is one of the most important of the all-college affairs for women.

A great many clever and original costumes were in evidence at the party. Prizes for the best costume went to Florence Robinson and Elizabeth Heaton, who were dressed as Raggedy Ann and Raggedy Andy.

HOMECOMING

Homecoming is the traditional week-end of festivity which is probably more outstanding on Colorado College campus than any other one event for color and enthusiasm. Hundreds of alumni visited their Alma Mater again, met old friends of college days, and witnessed the B. Y. U.-C.C. struggle.

The initial event of the celebration was a bonfire and rousing pep meeting held in Cossitt Stadium Friday night. Saturday morning came the traditional Homecoming parade through the downtown section, indeed a fitting preparation for the afternoon's game. The band, Tiger Club, and Growler's Club marched in full force, while each fraternity and sorority and other groups on the campus were represented by clever floats, all of which offered encouragement to the team. A feature of the parade was the float of Colorado College's third annual Homecoming Queen, Betty Foster. Her attendants were Elizabeth Evans, Mary Jean MacDonald, Elizabeth Richter, and Helen Walker.

Although the Fighting Tigers came off the field on the short end of a 25-0 score, everyone went home well satisfied with the team's spirit and playing.

Following the game Acting President and Mrs. C. B. Hershey were at home to the returning alumni and friends of the college, following the custom of each president. This annual gesture of welcome has found a warm place in the hearts of those who return to the old school.

The decorations of the fraternity houses added to the festive aspect of the campus and presented some original ideas. In the contest for the most outstanding house decorations, first prize went to the Phi Gams and second place to the Betas. Kappa Alpha Theta won first place with their float in the parade, and Delta Gamma second. The sororities and fraternities all held teas, dinners, or open house for their alumni and friends thus cooperating to make the whole Homecoming celebration a great success. Harry Fontius deserves much credit for his work as manager of the event.

JUNIOR PROM

This annual all-college event given under the auspices of the Junior Class, was held at the Broadmoor Hotel, with Budd Anderson and Ben Carson as managers.

Many special features made the Prom this year one of the most successful ever held. Among these features was a fashion review in which the twelve most beautiful girls as selected by the Student Body were introduced. Another outstanding feature was a dance contest. The winners, Nadine Kent and Harry Fontius, were presented with a silver loving cup.

BEAUTY

The Beauty Contest this year was conducted in the customary manner. At a General Assembly on March 1st, the student body chose twelve girls from whom the final selections were to be made.

At the Junior Prom in the Broadmoor Ballroom on March 16th, the twelve winners were announced for the first time and presented in a Fashion Parade.

The young ladies' pictures were sent to Mr. Waring, the popular leader of Fred Waring's Pennsylvanians, who graciously agreed to judge the contest. The telegram printed on the preceding page explains his selections.

In addition to the winners of the contest, Miss Meinholtz, Miss Lingham, Miss Engel, and Miss Horan, whose pictures appear, the other contestants to whom congratulations are due are:

"The Sports Editor of the Denver News recently styled C. C. 'the biggest little school of the West.' I like the aptness of his phrase. Colorado College is rightfully proud of its high scholastic standing and of its democracy. It is also proud of its athletic record. Championships have been few and far between, but undeniably there is a bigness in its athletic spirit. Unwilling to resort to deceit or unfairness, continually facing competition far superior in every physical aspect, the school has refused to accept a secondary position. Year after year, I've seen Colorado College teams fight their hearts out, never quitting and frequently winning, in spite of seemingly unsurmountable handicaps. According to my viewpoint, there is no greater or finer thing in life than such a spirit."—WM. T. VAN DE GRAAFF.

The 1933 Football Season was one of the most disastrous ever completed by a Tiger eleven. This was the result of an eight game program in which Colorado College won two, tied one, and lost five contests. After barely two weeks of practice, the Tigers journeyed to Greeley where they exchanged gridiron warfare with the Teacher eleven. The Tigers came out on the long end of a 9-7 count after being completely outplayed by a more alert and powerful Bear squad. The next game saw the Wyoming University and Tiger elevens battle to a 0-0 tie upon Washburn greensward. Poor passing, blocking, and punting were much in evidence during this fray. By this time the Tigers were crippled considerably and after two weeks of rest tangled with the New Mexico Lobos and lost by a 3-0 score. The following week Denver University handed the Tigers a 31-0 drubbing on the Pioneer prairie. The Tigers looked much better than the score sounds, and were fortunate in holding the powerful team to such a small score. Colorado University's Homecoming game was claimed a success due to a 25-0 beating administered by the Up-staters to the Tiger team. C. C.'s Homecoming the following Saturday was saddened by a defeat handed to them by the B. Y. U. Cougars. The score of this contest was B. Y. U. 25-C. C. 0. Mines and "Dutch" Clark suffered a severe beating at the hands of his Alma Mater the next game when the Tigers turned back the Miners to a tune of 23-0. The last game of the season saw the C. C. Tiger bow down to defeat at the hands of the tricky Aggie squad. The score was C. C. 7-Aggies 30.

All in all, it was a most unfortunate season for a Tiger eleven with a "Never say die" spirit.

After a late start and only two weeks of practice, Colorado College opened their season against the Bears of Colorado Teachers College at Greeley, and after a hard fought battle, returned home on the long end of a 9-7 score.

After a scoreless first half, both teams rallied in the third quarter. However, the Tigers failed to make good their conversion and at the beginning of the final period were trailing 7-6.

The Tigers came back in the fourth quarter, outgaining and outplaying their opponents. They finally, through the educated toe of Steve Andrews, put over the winning three points.

Following many injuries received in the game with Teachers, a crippled Tiger team fought a stronger, heavier University of Wyoming squad to a 0-0 tie.

Twice the Cowboys marched down the field to within the Bengal five yard line, but each time the scrappy Colorado College eleven staved off the Wyoming attack.

This was the first time that Wyoming had threatened to defeat the Tigers in the nine games which have been played by the two teams.

After a stinging defeat at the hands of the Tigers during the previous season, the Colorado Aggies larruped the Bengals to the tune of a 30-7 score in the last game of the Tigers' season.

The Tigers fought valiantly, holding the Farmers scoreless for the first quarter. However, with the beginning of the second period, the Aggies ran up touchdown after touchdown.

It was not until the final period that the Tigers put over a touchdown on a pass from Ryerson to LeMaster, following which Steve Andrews made good the conversion.

All the famed wiles of "Bully" Van de Graaff and his Tiger horde were rendered null and void by two sets of Pioneer backs, which battled the striped cat into thorough submission.

The powerful Denver squad plowed through the Bengal line almost at will, and although every member of the Tiger team was used, no one was able to stop the onslaught of Powers, Boslough, Jackson, and Lamkin.

During the entire game Colorado College managed to gain only fifty-six yards, and to penetrate into Pioneer territory but twice.

Playing in near zero weather, the plucky Bengals held the stronger, more powerful University of Colorado football team scoreless for the first two quarters. Continually the Silver and Gold fought their way down the field deep into Tiger territory, only to be denied a touch-down each time.

However, in the second half a rejuvenated Colorado University team played havoc with the tired and crippled Bengal eleven, finally running up twenty-six points, still holding the Tigers scoreless.

Mack Reid, who punted the Bengals out of danger time after time, and "Swede" Roark, who played a bang-up game in the line, were the highlights of the Tiger lineup.

Except for the result of the game, the Tiger grads were shown a grand time Homecoming when the strong B. Y. U. team ran rough shod over the badly demoralized Colorado College eleven.

After a scoreless first quarter, during which the Cougars marched 65 yards to the Bengal's six inch line, only to be stopped cold by a fighting Tiger eleven, Brigham Young University literally smashed the Tigers by scoring one touchdown in the second period and three more in the third quarter.

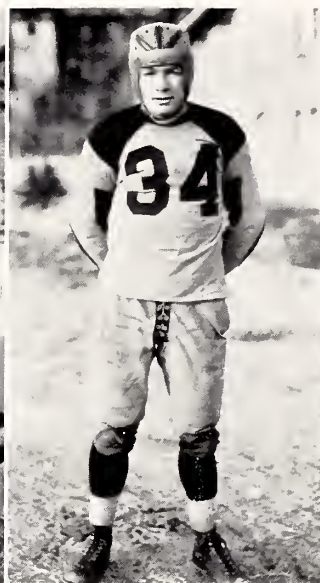

However, in this game Colorado College showed more offensive skill than in any of the preceding games. In the second quarter the Tigers opened up their bag of tricks, using everything from a quick-line-up play, to a return kick on the kick-off. However, they never passed beyond the Cougar twenty-two yard line.

It was a case of teacher showing pupil, as "Bully" Van de Graaff's Tiger team romped all over "Dutch" Clark's Miners, sending the Blasters home on the short end of a 23-0 score.

The Tigers outplayed and outgained Colorado Mines throughout the entire game. Steve Andrews opened the scoring in the first period with a field goal, making the score 3-0. It was not until the third quarter that the Tigers scored again, when on a pass by Davis to Williams, they annexed an additional six points. In the final period the Bengals ran up two more touchdowns for a final score of 23-0.

There were but two games on the schedule of the Tiger freshman team out of which they drew a percentage of .500. In the first game the "Baby Bengals" went down in defeat at the hands of the Pioneer frosh to the tune of 33-0. The score sounds worse than the game actually was, the Tiger cubs being very fortunate in holding Denver to such a low score.

Later the Tiger frosh came back to defeat the "Baby Blasters" from Golden 6-0. The Tigers played an offensive game throughout, while Mines had all they could do to repel the onslaughts of Walsh, Reid, Trainor and Riley.

All in all, the freshmen team seemed to have ample material for varsity competition next fall.

Ray Fries and Owen Owens, both of whom left the Tiger varsity in 1932 were selected by "Bully" Van de Graaff as the mentors for the freshmen team. Both of these men built a successful squad out of fifteen new men. Much credit goes to these two Tiger wearers of the Black and Gold due to their splendid work with the Tiger cubs.

BASKETBALL

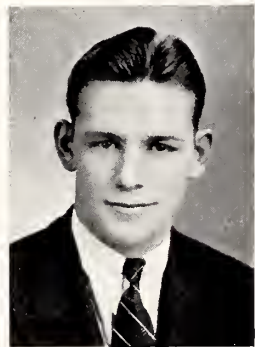

BASKETBALL

This year's basketball squad was coached by Juan Reid and "Bully" Van de Graaff, Reid doing most of the actual coaching. The 1934 basketball squad deserves much credit, due to their playing a heads-up brand of ball throughout the forty minutes of every game. They finished second in the State and third in the final Eastern Division standings. Prospects for next year look very good with six letter men returning to the hardwood. Jack Livingston, Tiger center, will lead the Black and Gold in their 1935 campaign.

"Though at the start of the season, the team was handicapped by the loss of several experienced men due to graduation and injuries, the team never lost their fire and fighting spirit which marked their progress throughout the season. Next season's outlook is bright and the Tigers will present another fighting team, which characterizes the Black and Gold."

Jim "Whataman" Riley, husky "Terror" player, showed up very well at guard last season, and was the only Freshman to make a letter. He has three more years in which to display his basketball wares.

Joe "Albie" Boothe was the fastest man on the team and earned his letter with his brilliant offense and sparkling defensive power. Boothe graduates, and the coaches will have to search far to replace "Albie."

Richard Harter played a brilliant game at guard this season for the Tigers. "Punk" is a player that goes after the ball and usually gets it. Harter played his last season of varsity basketball for Colorado College.

Don Glidden played a "bang-up" game at forward and was runner up to Les Witte in number of points scored throughout the conference. Glidden is a senior and will not be back next year. The team will find it next to impossible to replace him, as his consistent basket tossing was the big thing that kept the Bengals in the running.

PAT PATTERSON

HAROLD BERG

JACK LIVINGSTON

STAN RYERSON

"Pat" Patterson came back last fall to put in a marvelous season at forward, where he alternated with Berg. He will be back next season and should be a great aid to the 1935 edition of the Black and Gold.

Harold Berg, lanky forward from South Denver, looked very good this past season due to his ability to get up and grab the ball after the tip-off. He is a sophomore and will be back next year for another stripe.

"Jumping Jack" Livingston was probably the most important man on the squad during the past season. He played every game at center without being once relieved. He will be back with the Tigers next year for another season of hardwood activity.

Stan Ryerson, veteran of the Tiger squad was unfortunate this year in that he broke his ankle before the season opened. However, he played a few games with his usual skillfulness. He is the fourth man to leave the squad this year, and his spectacular all-around cool playing will be sadly missed by the C. C. followers.

BASKETBALL

Composed mostly of veterans and with the aid of some new material, the Tigers opened their pre-conference season against the Denver Athletic Club in a thrilling game, with the Denverites winning 36 to 34.

The Bengals then began a disastrous barnstorming trip through Utah, losing all three of their games: B. Y. U. 41, C. C. 27; Utah 30, C. C. 28; and Utah Aggies 44, C. C. 22.

In the following three games the Tigers improved immensely, which is shown by the fact that they defeated B. Y. U. 38 to 31, D. A. C. 38 to 21, and held the Denver Pigs to a 33-18 score.

The Bengals opened their conference season with a double win over Denver University, 26-22 and 27-20.

Western State and the Tigers clashed in the third and fourth games of the season, the Tigers routing the Mountaineers 41 to 19 in the first tussle, but losing 30 to 28 in the final fray.

The Black and Gold repeated the Denver series by trimming Colorado Aggies twice, 32-27 and 27-22.

The next series found the Tigers traveling to Laramie to play the champion Wyoming quintet. Although Colorado College lost both games, 37-32 and 28-18, the Cowboys were given many a scare during the series.

Then the Tigers met with one of the worst upsets of the season at the hands of "Dutch" Clark's Miners, 22-18. However, the Bengals copped the last game of the series, 33-23.

The Tigers then tangled with the second place Boulder team, splitting the series 18-29 and 22-18 in a wild, hair-raising pair of games.

Next in line came the Teacher series with C. C. winning the first game 19-14, and deprived of the state championship the following Saturday by losing to Teachers 25-23. This game closed the 1934 season with the Tigers winning third place honors in the division standings and runner-up position in the state. Immediately following the closing of the season the Tigers participated in the A. A. U. meet in Denver, wearing the colors of the Interstate Gas Company.

Glidden took second place as conference high score man. Livingston proved himself to be an iron man in that he played the entire forty minutes of every game. Boothe, Harter, Riley, and Ryerson played magnificent games at guard position, and Berg and Patterson played bang-up ball as forwards.

Letters were awarded to Boothe, Harter, Riley, Berg, Ryerson, Glidden, Livingston, and Patterson.

SPRING SPORTS

BASEBALL

CLARK

OWENS

Coach "Dutch" Clark led his baseball nine to a Rocky Mountain Conference championship, incidentally "Dutch's" first championship in any conference sport. After graduating from C. C., Clark played baseball with the Pueblo Braves. This was Clark's second season as head baseball coach. Clark's last appearance was climaxed with his first championship. He is now head director of athletics at the Colorado School of Mines.

ROCKY MOUNTAIN CONFERENCE CHAMPIONS

Colorado College, with "Burly" Mike Gleason at the helm, swept through all conference contenders to win the championship. After defeating every team in the conference, the Tigers won a double header from Mines to cinch the pennant. Incidentally, it was Coach Clark's first championship. "Dutch" strengthened the Tiger nine considerably, and he will be sadly missed this season.

Prospects for this year's team are none too good, due to the demoralization of last spring's squad.

TRACK

COACH JO IRISH

"Track at Colorado College has had its ups and downs just as other sports have. However, we feel that during the last few years there has been a definite increase in interest shown in this sport. Track is so decidedly a sport for the individual that a lack of material can not be overcome to any great extent by 'team play.' Nevertheless, we lay considerable stress on 'team spirit.' We believe that every competitor will be able to perform better if he knows that his team mates are for him regardless of where he places just as long as he does his best."

The Colorado College track stars had a difficult time winning points last season, but looked good in most of their meets.

The Tigers lost a dual meet to D. U. by a score of $65\frac{1}{2}$ to $74\frac{1}{2}$. In this meet Larson, C. C., took first place in the 880. The following week the tracksters took fourth in the Eastern Division meet with a total of $29\frac{1}{3}$ points. The meet was won by Colorado Aggies. Two weeks later the men of the Cinder trail, wearing the Black and the Gold, took part in the Boulder Relays and won third place in the final standings. The two mile relay record was smashed as a quartette of C. C. trackmen, Harrison, de Holczer, Handke, and Larson covered the ground in 8:13.8 seconds, hence breaking the all-time record.

In the conference meet at Denver the Tigers eked out nine points. Larson ran the 880 in 1.58 seconds, just a few tenths of a second over the conference record, thus making a new Colorado College mark.

Sixteen men lettered in the cinder sport, namely, Captain deHolczer, Fries, Handke, Harrison, Harter, Kintz, Larson, Mihalick, Peck, Perkins, Robinson, Russell, Sheehan, Sutak, Ward, and Poley. Kintz, Sheehan, Stapleton, Fries, Burshears and Captain deHolczer, all seniors, were lost from the squad via the graduation route.

WRESTLING

A fairly successful season was experienced by the Tigers last year, considering the fact that wrestling is practically in its infancy at C. C. This was the fourth time in ten years that the Bengals had been able to put out a squad.

The Tigers opened their season against Y. M. C. A. in Colorado Springs by losing 20½-25½. The reason for the defeat was the fact that Rustin, 118 pound man, failed to make his weight. Funk, Johnson, and Winters won their matches, and Haines secured a draw.

The Tigers met defeat at the hands of C. U. to the tune of 28-6 in their second meet. Miles and Haines were the only Bengals to win, both being on decisions.

In the meet with Colorado Teachers the Tiger went down 33-5. McConnell, 128 pound man, scored the only victory for the Black and Gold.

The first Tiger win was secured against the Y. M. C. A. in a return meet, the score being 30-10. The winners were McConnell, Miles, Arnold, Johnson, and Haines.

In the final dual meet of the season, Denver University defeated the Tigers 23-13. The Bengals lost the first five matches, but rallied, taking the last three. Tiger men who won their matches were Johnson, Haines, and Winters.

At the conference meet at Fort Collins the Bengals failed to score.

GOLF

DON HANEY, JOHN LANGUM, PRESTON COCHRANE, MARK SCHREIBER, GRAVES HOWELL,
GEORGE MARKLEY

Colorado College golfers recorded a fairly successful season in 1933. In the first event at Lakewood in Denver, the Tigers finished third in a quadrangular meet. In a dual meet with Denver University the Tigers were nosed out of 14 strokes for a six man team. The conference meet was held at Cherry Hills, and the Tigers finished fourth.

George Markley distinguished himself and his school by winning the individual conference championship by defeating Boswell Reid of Denver University in the 36 hole final, 2 and 1. Markley also defeated Mark Schreiber, another Tiger golfer for the city junior championship. Markley was medalist in both the conference and city meets.

Prospects are exceptionally bright this spring with four lettermen back and several freshmen who are potentialities. Practice meets with local clubs and the Pueblo Country Club have been arranged. Negotiations are under way to schedule D. U., Mines, C. U., and Teachers for spring meets. The conference meet will be held May 25, 26, 27, in Denver.

Prospects look brighter for the 1934 season, and some well played matches are in store for the tennis fans.

INTRAMURAL TRACK

In a grand and smashing climax the Sigma Chi track team nosed out the Betas in the final event of the day to win the 1933 Intramural Track Meet by one point. Beta Theta Pi finished second with a total of 34 points. Independents, led by "Iron man" Sutak, eked out third place with 24 points, Sutak making 23 single handed, Kappa Sigma fourth with $22\frac{1}{2}$, Phi Delta Theta fifth with $19\frac{1}{2}$, Phi Gamma Delta sixth with 19, and Delta Alpha Phi seventh with 11.

INTRAMURAL BASEBALL

The Phi Delts won the pajama-clad league title again last year with six wins and no defeats. The Sig Chis wound up in second place by running rough shod over all of their competitors except the Phi Delts.

The games were played on Washburn Field early last spring before eight o'clock classes.

TOUCH FOOTBALL

Since the inauguration of touch football here one year ago, much interest has been shown in the game. Last fall saw the Phi Delts eke out a victory over the strong Beta Theta Pi team for the championship.

The competition was keen, and some interesting games were played.

INTRAMURAL BASKETBALL

Sigma Chi displaced Kappa Sigma as Greek basketball titlists this year. The interfraternity basketball race was run off somewhat differently this year. There were two rounds, a fall and a winter round. The winner of the fall round played the winner of the winter round for the championship. In this case, the Phi Gams won the first round and lost the second round championship to a fighting Sigma Chi five. In the play-off series the Sigs outplayed the Figs, and won both games, 28-14 and 19-18, respectively.

The competition was more keen than ever before, and some exceptionally well-played games resulted.

INTERFRATERNITY WRESTLING

Sigma Chi won the intramural wrestling contest, held at Cossitt, with a score of 18 points. The other fraternities placed as follows: Kappa Sigma and Delta Alpha Phi, second, with 16 points each, "Fijis" third, with 6 points, Phi Delta, fourth, with 5 points, and Beta Theta Pi, fifth, with three.

SUMMARY

118 Pound Class—Edwards, Sigma Chi, defeated Rustin, Phi Gam.

126 Pound Class—McConnell, Delta Alpha Phi, threw Finger, Beta Theta Pi.

135 Pound Class—Miles, Delta Alph, threw Markley, Sigma Chi.

145 Pound Class—Funk, Kappa Sig, threw Shantz, Delta Alph.

155 Pound Class—Johnson, Phi Delt, threw Huff, Kappa Sigma.

165 Pound Class—Von Steeg, Kappa Sig, threw Dunn, Delta Alph.

175 Pound Class—Haines, Sigma Chi, threw Andrews, Kappa Sig.

Heavy Weight—Carlson, Sigma Chi, won from Schroyer, Phi Gam, by default.

FOREWORD

The campus of Colorado College, like that of any other institution dedicated to the pursuit of advanced learning, is much more personal than mere stone buildings and the landscaping efforts of student groundkeepers. Indeed, the term “campus” is an all-inclusive description of all Colorado College non-curricular activity, sensible and usually otherwise, all of which goes to make college life the great old game of evading education with the least possible effort.

Our picture of the campus, presented as the theme of the humor section of the 1934 Pikes Peak Nugget, should have the essence of simplicity. This eliminates the pseudo-sophisticated attitude of upper-classmen, too-much molded by collegiate magazines of questionable humor. With this in mind, we offer side glances at campus phenomena through the medium of letters of one Ferdie Frosh, college freshman.

Dear Ma and Pa:

Am here. Meaning that Colorado College gets what Ciderville high lost when I left. College is a funny place. The grounds are almost as nice as the Ciderville city park. There is a bunch of buildings called dormitories which is where the girls live except when they are at Murray's which is practically all the time. Murray's is a Drug Store where everybody goes to read magazines and to drink water. I asked for a coca cola and they must have thought I was tired because they let me sit around for two hours before I got it. While sitting I noticed a guy looking at himself in a looking glass back of the counter. I couldn't see any reason for him to be doing that so I asked him why. He got sore and walked away. I guess he must have been reading the advertisements. I heard some other guys call him waters. If I had his face I wouldn't go around looking in looking glasses. I never saw fifteen people crowd in a drugstore booth before today. The first guy I met what goes to college here was Mak Reed. He told me all about himself and the school. He must be a popular man though I couldn't see why. He told me that lots of the guys lives in frat houses, and that rush week which begins tomorrow is the time to look all of the frats over to see which one is the best. I will start doing same tomorrow a. m. Please send a dollar as I want to see the town on the busses.

Your son,

Dear Ma and Pa:

I gotta haircut today and as Mak Reed said that the Fi Dels were looking for guys like me I thought I better look them over first. If they are a good frat you could never tell it by their house. It is full of cigarette stubs and fast talkers. The ceilings sag. I told them I was just looking around to see which frat I would rather join. There was a guy there by the name of Deholser. He said that they just used the old house for the best members and that when they got too many fellows in the frat they stuck the worst guys in the big white house next door. He said the Fi Dels were started in 1848 but I told him the house didn't look that old to make him feel good. A bald headed guy came in and made a lot of noise. He took one of my cigarettes when I wasn't looking and then asked me for a match. His name was Rierson. I don't guess he could afford a shirt as I never saw him wearing anything but sweaters. Most of these guys is engaged to be married. Dick Hall called up the newspaper to see if they wouldn't announce his engagement and they run his girl's picture. She must have taken pity on him as all he can do is play on the piano with one finger. The Dels have won the prize for good grades here for the last ten years but some other frat always cheats them out of it. They have a big pin with lights in it which don't work. I got in a poker game and lost thirty cents. A guy named Sheldon is taking me to a dance at a girls' frat called the Kappas. He is going to see his girl Ruthie. It must be nice to be popular with the girls. I am going to wear my Ciderville high football sweater because I hear the Kappas like atheletes. Please send two dollars as I need a couple pairs of shoes.

Dear Ma and Pa:

Sorry to hear the horse died and am having a good time. Tell Aunt Josie I enjoyed the canned pickles very much. I opened them at the Fi Del house and passed them around. The Kappa dance was also good. They have so many girls that some of them can't get fellos to go with them as there ain't any left. They are terrible dancers as not a one of them could dance any of the Ciderville steps. Their house is nice but they did not have enough money to finish the ceiling and the rafters show. The Kappas have the best bunch by far on the campus. All of them told me so. They charge admission to their dances. One of the guys at the dance said it was to pay for the house. There was a girl there named Murry who said huloo and my dear. They showed me a girl who was elected home coming queen by a large majority by the name of Betty Foster. She must be very popular, to win such a honor. A tall girl who looked like the hourglass on the mantle of our house in Ciderville by the name of Dorlak was dancing with a short guy by the name of Olie. I did not like his haircut. The Kappas like to be married in secret because they are naturally bashful. There were three girls named Blackman there. Two was tall and one was short and skinny. I saw a bunch of girls upstairs so I went up and they have a pretty blue room up there. Even the plumbing is blue. Everyone laughed when I came back down. They served cookies which were stale. I am going to have a blue bathroom in my house when I get it. Send three dollars as some of the Fi Dels are taking me to see a show and it costs money.

Dear Ma and Pa:

Rush week is a very funny time. All of the frats spend this week in finding ways to make new freshmen feel out of place. Everybody says Gladtoomecha and slaps you on the back. There doesn't seem to be anybody in this place who wants to be theirself. Today I gave my time to the Batas, who were organized by a Wooglin Bird who nested on the pyramids in Egypt. The Betas are the hardest frat to get into on the campus. They are so strict about their pledges that last year they only found five guys who were good enough to be pledged. They told that they were the only frat on the campus which did not owe any money. All of the Batas look alike and none of them look like very much. They should have lots of mirrors in the house as Dave Waters belongs to this frat. Also there is a fellow there who is going to write a book and call it Stapleton's Methods of High Finance or How College can be Made to Pay. One of the Betas named Finger was moving his clothes up from the city jail. He said he had been working on a room job there. I don't see why he wants to quit just when school is starting. I played poker again and won plenty—all on credit. They gave me a I. O. U. for the money and told me that if they didn't pay me in a week, I could keep the I. O. U. Ben Carson, another Beta, wanted to sell me a haf interest in their house for \$7.50 but I couldn't cheat him like that. The Betas were going to take me to see a show too and they told me to give them five dollars and they would buy me a coke and have it sent to me. Please send me the five dollars.

Dear Ma and Pa:

I went to a tea dance with the Betas to another girl frat the Thetas. They must have run out of tea because I did not get any. They are going to build a new house like the Kappas although it probably will not have a spy glass in it like the one they live in now. I looked through the spy glass but could not see any stars because it was pointed at a window in Hag hall which is the boys dormatori. This was very funny to me indeed. The Thata pin is supposed to be a kite or something standing for the goddess of love and beauty. It was ritten in a little book I found when I was at the dance but they didnt like my reading it so I didn't. The Thatas do not like publicity so there is only three or four of them known on the campus. I met Mary Jen Macdonal a peroxid blonde which is very nice looking and blue eyes. Marion Mariat talks very much as all of the Thatas do, so I guess it must be a requirement to join. Then there is Martha Kelly and the Hog sisters. I hear a lot at this house about combines and will the Thatas be able to get as many beauty queens as per usual which means nothing to me although I saw no beauty queens there who could get my vote, unless it was a blindfold test. I would write more dear ma and pa but the thatas is so boring that there is nothing else to say. Please send six dollars as I give my hat to a fello at the Bata house and he did not give it back to me.

Dear Ma and Pa:

I am glad I went to the kappa sig house as I now know what frat I do not want to join. They have enough fellos anyhow so I hope they will not feel too bad about me not being a kappa sig. The guys in the kappa sig house are a lot like the fellos in the freshman class in Ciderville high. They are not conceited though as they spend all of their time talking about the rest of the frats and never talk about their own. They have a song about dear old Kappa sig which besides sounding very bad is all wrong as the kappa sigs were not started until 1869. Their chapter is run by a shoe salesman from Denver named Fontios. The kappa sigs spend most of their time trying to make the Colorado College football team which must of been some of the reasons the team did not have such good luck last year. There is Dwight Berry who is a great athalete and social man and gil Bernard who is also very unpopular on the campus. The kappa sigs are very democratic as they pledge everybody on the campus what does not go any other frat to make them feel good. I did not understand why they made Butch Zeiger stay in the cellar during rush week as this is a long time to have to stay in any cellar much less a cellar at the kappa sig house. He is one of the only fellos on the football team who can kick a ball and have it hit back of him. I am very discouraged with college life after seeing the kappa sigs and may come home very soon. Please send seven dollars and tell everyone in Ciderville hello.

Dear Ma and Pa:

As I have not made up my mind yet about which frat I will choose I went to the Fi gams today. They did not seem so glad to see me as they were having a entertainment for the girls frats. My Ciderville sweater must have got me in however and I got a free meal out of it. The Fi gams is noted for having more boys from Col. Springs high school than any other frat on the campus. They also have the president of the student body which job always goes to the most popular man in school regardless of politics. He has a big job telling the student council what they have to do, and likes the Fi dels Batas kappa sigs and lambda kis very much as they get all the jobs which the council gives out. The Fi gams are the fairest rushers on the campus and are always running the Fi dels a race to see which is the campus champion in scholarship. Also the Fi gams had a very good inter frat basketball team this year which got beaten, only after a hard political struggle. They voted to make a sig ki captain of it next year. The figams are very smart politicians but have very tough luck as some other frat always gets the positions. Besides D. Gliden the president of the student body the figams have two fellos who take turns complimenting each other by the name of Roach and Lemaster. Both of these guys used to play football in high school. Willit Willis is one of the most popular guys on the campus as even his own frat brothers will not speak to him because they are afraid of making the other frats jealous. The figams have about 40 other fellos which are also never heard of on the campus. Please sen ten dollars and my other sweater.

Dear Ma and Pa:

I feel much better today as I got to go to a dance last night at the Delta Gama frat which is composed of girls. The fellas said that the delta gamas had finally pledged some girls after they had not taken anyone in for two years. This is because they are very particular about pledges. Out of 25 girls which they wanted last rush week they got seventeen which is a very good average. Next year they are going to try for 50 girls. They did not pick the 17 best looking girls however as most of the delta gamas are too fat. I tried to kiss one when the music stopped and we went outside but I could not get my arms around her. The delta gamas are very studious and do not go in for politics. This was strange because I hear they are the best party girls here. They do not hold any offices on the campus but would rather have offices in the dormitories. The president is named Skidmore a nice chubby girl who knows lots of jokes. The delta gamas are the only girls frat on the campus to have a fello for rush chairman in lots of deholser. Then there is Dorthy Weaver who is said to have written the sweetheart of sigma ki, but is wearing a Fi Del pin. If I get a pin I would rather hang it on a wall, as then I will know where it is at all times and would rather not worry about it. The delta gamas have a girl named Frani Wilis who was responsible for them giving up politics and taking up indoor sports. They have the champion dancer of the campus Nadene Kent who is also a very bad artist. Their house was the best on the campus until the other frats built new houses and it is now the worst. I am going over to the Fi Gam house tomorrow and please send eight dollars for board and room.

Dear Ma and Pa:

Well it is now rush night and the time when we all choose the frats which we want to join for the next four years. This is a serious matter to think out but I am going to write about the lamba kis first as it will not take long. The lamba kis are one of the best frats on the campus because of they are the newest. Being new they can take only the best and there are very few guys on the campus who are this good. They are like the gama fis very much as they would rather study than go in for athaletics or have dates. They would have asked me to pledge if I hadn't of told them first that I was going to think them all over before I joined. They must not have understood me as they all laffed as if I had told a joke. The lamba kis have a football player in their house for the first time in many years as they do not care for a athaletic chapter. They said that they worked all year so as they could win the intra frat running cup instead. They have a very popular man on the campus named Freddie Miles which I liked very much and a skinny fello by the name of peck which I did not care for so much. Also they have Stiky glue which is a very funny name if nothing else. Also gilbert Virba. They made me homesick for Ciderville and wish I could see you. Please send fifteen dollars for notebooks and pencils as school starts monday. I will write as soon as I pledge.

Dear Ma and Pa:

Well here it is almost to the last minute and many of the fellos are tired and are pledging already but I am not going to hurry into this frat matter. I thot I might go over and see the fellos in the big white house who are the leftover fidels and I found out that deholser was wrong as there is another frat there the sig kis. I will have to tell him about his mistake when I see him. The sig kis have the best frat house on the campus but there is not much inside the house but a guy named Assessment which everybody owes money to and which everybody is always asked to pay even during rush week. I looked for Mak Reed but the fellos said that him and Galaher were living in the cellar during the week so that they would have more room for gests in the frat house. I told them about Zeiger living in the basement at the kapa sig house and they said that it would be a good trade which I did not understand. Keyhole is president of the sig kis which is a member of the Miami tried. I asked him what they tried and he left all of a sudden. There is a sig ki named Conley who is bald headed on account of going to Colorado College for the last ten years. He told me the fi del house was covered by a morgage in stead of a roof which shows what college does for up to date building ideas. The sig kis are smart because they wait until a man is capt. of a athaletic team and then pledge him getting many capt. in this manner. Please send fifteen dollars as the sig kis took up a colesion from the fellos they were rushing for the new house and I promised to give fifteen dollars.

Your son,
FERDIE

Dear Ma and Pa:

It is eleven oclock and I waited in Murrays for a long time but no frats looked me up. I talked to a fello this p. m. who told me that if the frats wanted a man they came over to Murrays Sat. night and pledged him. I did not want to start a fight between the frats over me so I meant to make them take their turn and then tell them what frat I thot was the best. They must have all thot I was too good a man for their frat because all of them were afraid to come and get me. So I am not going out of my way to tell them but am going to be a independent. The independents is the biggest bunch on the campus anyhow and it also would probably cost to much to join a frat. I am going to be a big man on the campus like Morris Good Enough and Mark Shriber. I thot it would be swell to join a frat for a while but mabe I'll get more out of college by not riding through on a frat pin like about ninty percent of the frat fellos do. Rush week wasnt so much either. I did not get to sleep any and the fellos was slapping you on the back so much that I did not have a good time. Rush week is indeed a very sad way to start school. In fact if I did not think I would be a quitter and that the Colorado College foot-ball team needed me I would quit tonight and come home where everybody is a independent. Please send twenty dollars to pay on tuition.

Good night,
FERDIE

Dear Ma and Pa:

I was going to write about the gama fis but nobody on the campus nows much about them, except that two or three fellos on the campus what got tired wearing their frat pins give them to the gama fis who like to wear pins very much. The gama fis like the delta gamas do not care much for politics as they like to study better. The fellos tell me that studying is all the gama fis have to do as they are a very small bargain indeed in the moonlight or even when there is no moon. I have had some of them pointed out at a distance and even when there is no moon. I have had some of them pointed out at a distance and even at a distance I do not blame the fellos so much for not being interested. Their house is very fine with a built over piano for a front room table. It has stars on the bathroom ceiling. The president is named Winifred Vesey who must be a very studious girl as I do not see her around the campus much. Others I have heard of here and there are Charlie Johnson, Bertha Maxiner, Julia sherman and Evln Rikter. Helen Goosel is a little better known on account of she has been to denver university and wears funny hats. Tell the folks in Ciderville that I am still open minded about which frat to join but that I will send the Ciderville Sentinel all of the news when I make up my choice. Keep plenty of moth balls in my winter underwear as it will be getting cold up here soon and please send ten dollars as I hear I can join the red lantern club for that.

AIR CONDITIONING

The modern method of making inside weather to order!

Weather making the Carrier Way is of fundamental importance in any home, and once installed a noticeable difference is immediately apparent. All rooms are evenly heated, and with a fresher, cleaner air than possible with any other method. If you plan on building—or remodeling—let us tell you all about Carrier. No obligation.

QUALITY

is the proven way to assure economical operation and upkeep

As you make plans for your new or improved home remember that you are making a permanent investment!—and that while price is a consideration it must remain a secondary one. Only QUALITY installations in plumbing, heating and sheet metal work can be expected to endure—to serve over a long period of years.

As you build add those few extra dollars to the first cost. That small addition now is a true investment—an assurance against premature replacement costs—against unnecessary and excessive repairs that cheapness always brings.

SUPPLEMENT TO FROSH BIBLE

FURTHER INFORMATION FOR NEW STUDENTS CONCERNING ORGANIZATIONS AT COLORADO COLLEGE

- KOSHARE** Once a member of Koshare you are but a step from Broadway. The easiest way to make the club is to usher suckers (people who bought tickets) to hard benches in the cellar at Bemis. Meets secretly in a Kiva and ceremonies are led by the Big Chief, Junior Sharp.
- GROWLER'S CLUB** A pep organization, consisting of members of the deaf and dumb school in search of a higher education. They wear jackets so one can locate them in a crowd.
- A. W. S.** Brain child of the dean of women. Reputed to be a graft for her and a great political organization. Full of female athletes and violin players. They sponsor occasional taffy pulls and May Fetes.
- W. A. A.** A club of the big shots from the A. W. S. All the strongest girls in school are in the bunch; they are so strong, in fact, that few of the male athletes and social lights are brave enough to tackle them for a date and have to content with the weaker girls.
- THE TIGER** A scandal column two inches wide flanked by cigarette ads and chapel notices. Editorial staff of 65 and Schreiber. Managerial staff may be summed up—Betas—just Betas. Of course, politics don't enter into this weekly of free thought and student opinion, but it is rumored the whole business is a graft.
- THE NUGGET** Another graft—only everybody knows this. The manager makes millions. The editor gets her cut. The manager elects his gal beauty queen and the editor writes a lot of dirty stuff in the ad section about people and frat clubs she doesn't like.
- QUESTION CLUB** We don't know. They don't know. Nobody knows. The only thing one can never be in doubt about is a sore whoosis.
- EUTERPE** By all means don't fail to be a Euterpist! The only organization on the campus where politics and graft are unheard of. Good clean fun always. Musicals, tea and cookies. A lad couldn't ask for more.
- GERMAN CLUB** Next to Euterpe the cleanest club on the campus. Its pure record of Faust, Goethe, and stuff no one understands was ruined by a beer crazed fraternity boy who got the wrong idea of German amusement.
- PHI BETA KAPPA** The oldest fraternity in America. Founded in the Victorian age and still conducted along the same lines. You can't date, drink, or smoke and be a Phi Beta, too. Note: Dean McMurtry was sober at installation.
- COLORADO COLLEGE CHOIR** Known to the backseat rowdies as the seven-fold Amen-ers. Not a bad organization to get into, considering you get a robe, college credit, and can see Boothroyd.

DAIS

That honor you girls pay tuition three years to get. Open only to charming senior women at Bemis. Quickest way to be a mannerly matron in the social world later. You are on exhibition as a possible graduate, a silent salad chewer, and a dripless soup sipper.

HISTORY CLUB

Malone's hoodlums? For the boys and girls that just have to have dates one way or another. They meet (both of them) once a year and have a swell time with spell downs. A feature of the last ten years has been a keen lecture on Chinese pottery by Prof. Malone, illustrated with a pair of chop sticks from China which the Prof. allows the kids to pass around. Some fun.

INCAS

Something new no one knows about. Webster refers to the Incas as a primitive group that wore brass jewelry, cut their hair short, and raised children. Maybe this isn't the same bunch.

DEBATE SQUAD

The virile element of the school all in one small bundle led into the arena of debate with fury by their Hell-cat Coach, Billy Copeland. Note: Eleven of the nine debaters are Kappa Sigs—advertisement not paid for.

BAND

Nothing but praise! By the time these kids are juniors in high school they won't be bad. When the best players graduate, they go to Aggies, of course, but new talent fresh from South Junior leaves us without a worry.

RED LANTERN

Herein we have the twelve most promising senior men. Not Phi Betas, but a bunch of Round-the-Town boys who pay a visit to every table at the Broadmoor Saturday. Collegiate hot-shots. Your Mom and Dad will be proud of you if you snap Red Lantern.

GIRLS' RIDING CLUB

As this goes to press, we have as yet not met the girls, but the horses look O. K.

INTER-FRATERNITY COUNCIL

The friendly hour—7:00-8:00 Tuesday. Full of good natured frat men who while away their leisure here in the season's cleanest parlor game "Slip the Ax." Motto: United we fight, divided we scheme.

COLORADO COLLEGE QUARTET

A Closed Organization: Closed by request and common consent. We alone feel that some other way out should have been resorted to and the organization left open for new talent.

**NEXT YEAR'S STUDENT COUNCIL—
THE LEAGUE OF NATIONS**

Beery (Irish), Swenson (Swedish), Finger (?), Skidmore (English), Dorlac (French), Swartz (German), Berg (Norwegian), Sutak (Polak), Glew (Delta Alpha), Kurachi (Japanese) — It's a shame Custer ran the Indians out of Colorado so soon.
